## Beskrivelse av utseende og kjennetegn

It's an European cat, very gentle, nice, polite cat. He is normal weight, he is gray with black strips.

## Historie

Our cat disappeared this morning, around 3,4am, he probably went down from balkony, if someone see him please let me know. He is very nice and polite and he is probably hiding somewhere near because he is scared, and never was outside in this 2 years what we had him. Thank you!!!
